

# Delhi World Public School

Under the aegis of Delhi World Foundation

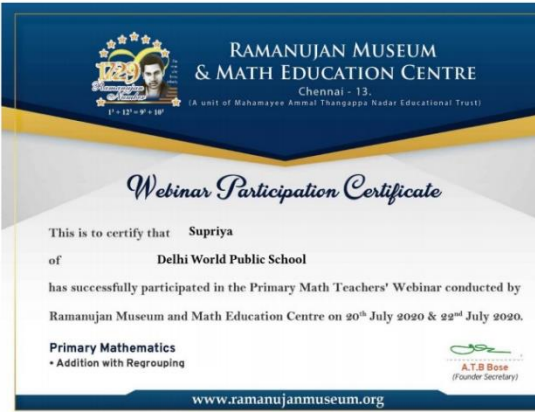

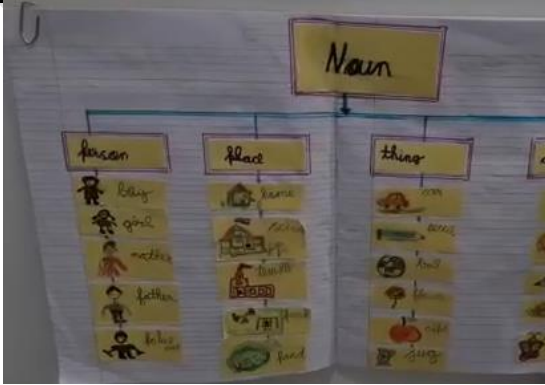

Name of the Teacher: Supriya.M

Class Handled: Grade I & II

## Professional Development Program for the Academic Year 2020-21

SL N O	Teacher's name	Workshop	How has it contributed to class-room teaching, learning practice?	Evidence
1.	Ms. Roopa, Ms. Sandhya, Ms. Manisha & Ms. Sakshi	Handmade Folktale (Story Performanc e)	This session helped me to teach values to children not just by narrating a story but keeping it lively by using simple musical instruments.	
2.	Ms. Soumya & Ms Deepika	Story Telling (Surekha Dev)	This workshop helped me to become more confident in bringing voice modulation and body language while narrating a story to children.	
3.	Ms. Soumya & Ms. Supriya	Study Skills	Understanding and identifying the children's difficulties, interfering and giving them a solution is an important task of a teacher. This session helped me to know more	Ex: While teaching the tables( have taught children different ways to learn and remember the tables)

			<b>about different study skills and how it can be implemented in my classroom teaching.</b>	
4.	<b>Mr. Sugadev Thalapat hy, Lead Yourself</b>	Online Collaboration Tools	This course has definitely helped me in conducting online classes to my children during the pandemic situation. I learnt a lot many things which mainly included google forms, google sheets, google doc. I learnt how google form can be used while preparing a question paper for children.	 <p><b>Certificate of Achievement</b></p> <p>Lead Yourself Creating the motivating Individual...</p> <p>This is to certify that <b>Ms. SUPRIYA M</b> has attended a 5-Day Online Workshop on <b>ONLINE COLLABORATION TOOLS</b> from 21-04-2020 to 25-04-2020. During this workshop, she actively participated in the chat discussions and secured B Grade in the online assignments.</p> <p>SINDAMANI S S ORGANISING SECRETARY</p> <p>SUGADEV THALAPATHY RESOURCE PERSON</p>
5.	<b>Ms. Poonam &amp; Ms. Amitha</b>	Design Thinking for Educators	This workshop helped me in understanding how design thinking can be implemented at a very young age in a classroom teaching and how to find out a solution for a problem differently. This has helped the children to think critically during the discussion.	<p><b>During Circle time, I used a story for discussion, children discussed different possibilities to overcome the problem in the story.</b></p> 

6.	Mr. A.T.S Bose, Ramanujan Museum & Math Education Centre	Remove Math Phobia	Most of my children love doing math and this session helped to bring new pedagogy for addition and subtraction with regrouping. I learnt the best way to overcome math anxiety and teach young children math is by applying them in real life, through hands-on activities.	
7.	M. Rajeswari, Academic Advisor, Hayagriva Vidhyashram School	CBSE Online: Integration of Arts in mathematics	Teaching children Math through art helped the children to enjoy, learn and understand the concept easily.	
8.	Ms. Narmada. N	MARIA Institute of montessori Learning: Phonetics and language workshop	This workshop helped to relearn the phonetics sounds and different speech using the throat, mouth, nasal.	
9.	Dr. Farhat Ara, Centre of Excellence in Teacher Education	Design Thinking- another buzzword in education? Or should Teachers really care?	This Workshop as helped to implement different techniques of questioning skills while teaching any subject	
10.	Ms.Ruchi Mohunta	Mind	I have been continuing to teach	<a href="https://www.facebook.com/wowschoolindia/">https://www.facebook.com/wowschoolindia/</a>

		Mapping	<b>my children the Mind mapping and concept maps to assure that the children have understood the concept and to recall what they have learnt in a very crisp way.</b>	<b>videos/276900687463247/</b>
